ORDER

Pursuant to 807 KAR 5:056, the Commission established this case on February 16, 2018, to review and evaluate the operation of the Fuel Adjustment Clause ("FAC") of Kentucky Utilities Company ("KU") for the six-month period that ended on October 31, 2017. As part of this review, KU responded to two requests for information and the Commission held a formal hearing in this matter on April 18, 2018.

A review of KU's monthly FAC filings shows that the fuel cost billed for the six-month period under review ranged from a low of \$.02311 per kWh in September 2017, to a high of \$.02544 per kWh in June 2017, with a six-month average of \$.02429 per kWh.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds no evidence of improper calculation or application of KU's FAC charges or improper fuel procurement practices.

IT IS THEREFORE ORDERED that:

1. The charges and credits billed by KU through its FAC for the period May 1, 2017, through October 31, 2017, are approved.

2. This case is closed and removed from the Commission's docket.
